

HSM SECURIO B35 - 5.8 mm

For more data security in the workplace. The excellent document shredder with an intake width of 400 mm for professional data destruction in an open-plan office for up to eight people.

Technical data

Order number:	1921111	EAN:	4026631044219
Cutting type:	strip cut	Cutting size:	5,8 mm
Security level (DIN 66399 / ISO/IEC 21964):	E-2|O-2|P-2|T-2	Cutting capacity in sheets 80g/m²:	35 - 37
Noise level (idle operation):	ca. 56 dB(A)	Intake width:	400 mm
Container volume / collecting:	130 l	Collection volume in sheets:	855
Power consumption:	700 W	Voltage / Frequency:	220-240 V / 50 Hz
Width x Depth x Height:	620 x 525 x 870 mm	Machine weight:	48.1 kg

Product Information:

The full bin is indicated via the display and the machine switches off automatically.

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

An integrated light barrier automatically starts the device when paper is introduced into the feed and it automatically stops after shredding is complete.

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

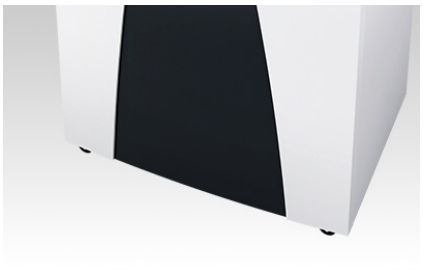
The document shredder has been awarded the Blue Angel certificate for its durable construction, low energy consumption and the use of environmentally friendly materials.

A separate collecting bag means that the shredder material can easily be sorted and separated for correct recycling.

The powerful motor ensures high cutting performance and reliable continuous operation.

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

After opening the door, the reusable collecting bag can be easily removed and emptied.



The document shredder has a sturdy cabinet with a wooden floor and an extra-large door opening angle which facilitates removing and replacing the collecting bag.

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

The filling level of the waste container can be seen at all times through the inspection window.

The induction-hardened, solid steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.
