

HSM SECURIO AF500 - 0.78 x 11 mm

The simple and convenient method of data destruction for work groups. The document shredder with an automatic paper feed and lockable stack protects inserted stacks of paper from unauthorised access and shreds stacks of paper of up to 500 sheets as well as single sheets of paper easily whilst saving you time.

Technical data

Order number:	2105111	EAN:	4026631050685
Cutting type:	particle cut	Cutting size:	0,78 x 11 mm
Security level (DIN 66399 / ISO/IEC 21964):	F-3|P-6	Cutting capacity in sheets 80g/m²:	6 - 6
Autofeed in sheets:	500	Noise level (idle operation):	ca. 56 dB(A)
Intake width:	240 mm	Container volume / collecting:	82 l
Collection volume in sheets:	818	Power consumption:	610 W
Voltage / Frequency:	220-240 V / 50 Hz	Width x Depth x Height:	497 x 491 x 1002 mm
Machine weight:	29.677 kg		

Product Information:

It is possible to secure the paper stack inserted into the magazine against unauthorized access by using the Lock-and-Go function.

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

The powerful motor ensures a high cutting capacity and reliable continuous operation (from HSM SECURIO HSM AF 150).

Useful dual function: during the autofeed stack processing, it is possible to manually feed paper at the same time.

After opening the door, the removable, collecting bag can be easily removed and emptied.

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine – and also 3 years warranty.

The shredder can be intuitively operated with the multifunction element.

The document shredder with autofeed has a specially developed intake and transport rollers which use Nanogrip Technology. This enables sheet after sheet to be pulled in securely from the stack of paper.

For convenience, there are castors on the document shredder so it is easy to move around (from HSM SECURIO HSM AF 150).

The filling level of the waste container can be seen at all times through the inspection window.

The induction-hardened, solid steel cutting rollers can easily cope with staples and paper clips and guarantee durability.

Stacks of paper can not only be shredded reliably and conveniently but also in a time-saving manner.
