

HSM SECURIO B34 - 0.78 x 11 mm

This premium document shredder in an elegant design provides for data security in an open-plan office. Thanks to the powerful drive, it reliably and quietly shreds the incoming amounts of data of up to eight people.

Technical data

Order number:	1845111	EAN:	4026631036610
Cutting type:	particle cut	Cutting size:	0,78 x 11 mm
Security level (DIN 66399 / ISO/IEC 21964):	F-3|P-6	Cutting capacity in sheets 80g/m²:	8 - 8
Noise level (idle operation):	ca. 56 dB(A)	Intake width:	310 mm
Container volume / collecting:	100 l	Collection volume in sheets:	997
Power consumption:	700 W	Voltage / Frequency:	220-240 V / 50 Hz
Width x Depth x Height:	541 x 439 x 845 mm	Machine weight:	42 kg

Product Information:

The full bin is indicated via the display and the machine switches off automatically.

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

An integrated light barrier automatically starts the device when paper is introduced into the feed and it automatically stops after shredding is complete.

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

The document shredder has been awarded the Blue Angel certificate for its durable construction, low energy consumption and the use of environmentally friendly materials.

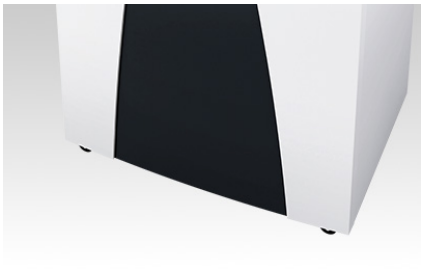

The powerful motor ensures high cutting performance and reliable continuous operation.

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

After opening the door, the reusable collecting bag can be easily removed and emptied.

The document shredder has a sturdy cabinet with a wooden floor and an extra-large door opening angle which facilitates removing and replacing the collecting bag.

Reusable cardboard box as bin for shredded material.

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

The filling level of the waste container can be seen at all times through the inspection window.

The induction-hardened, solid steel cutting rollers can easily cope with staples and paper clips and guarantee durability.
